**A Chancer** James Kelman 1985 Tammas is twenty, a loner and a compulsive gambler. Unable to hold a job for long, his life revolves around Glasgow bars, home with his sister and brother-in-law, the dog track, betting shops, casinos and occasionally a day at the races. Sometimes Tammy wins, more often he loses, but betting gives him as good a chance as any of discovering what he really seeks from life since society offers him no prospect of a better or more fulfilling alternative.

**Pete Doherty** Alex Hannaford 2011-07-31 Pete Doherty, erstwhile singer with The Libertines, is a British icon. Whether he is playing impromptu gigs in his front room or performing at Live 8, he possesses a sense of drama and expectation not seen in a performer since Sid Vicious. He is enigmatic, charismatic and thoroughly entertaining. Since leaving The Libertines, his life has become something of a rock 'n' roll soap opera where rumours of crack addiction abound, gossip about his relationship with Kate Moss is rife, and predictions for his future vary wildly. Written by Alex Hannaford, former rock and pop editor on the London Evening Standard, and with a brand new foreword by Pete's mum, Jackie Doherty, this is the

**The Bizarre Careers of John R. Brinkley**
R. Alton Lee 2014-10-17
Tells the story of the infamous "Goat Gland Doctor" -- controversial medical charlatan, groundbreaking radio impresario, and prescient political campaigner -- and recounts his amazing rags to riches to rags career. A popular joke of the 1920s posed the question, "What's the fastest thing on four legs?" The punch line? "A goat passing Dr. Brinkley's hospital!" It seems that John R. Brinkley's virility rejuvenation cure -- transplanting goat gonads into aging men -- had taken the nation by storm. Never mind that "Doc" Brinkley's medical credentials were shaky at best and that he prescribed medication over the airwaves via his high-power radio stations. The man built an empire. The Kansas Medical Board combined with the Federal Radio Commission to revoke Brinkley's medical and radio licenses, which various courts upheld. Not to be stopped, Brinkley started a write-in campaign for...
Governor. He received more votes than any other candidate but lost due to invalidated and "misplaced" ballots. Brinkley's tactics, particularly the use of his radio station and personal airplane, changed political campaigning forever. Brinkley then moved his radio medical practice to Del Rio, Texas, and began operating a "border blaster" on the Mexico side of the Rio Grande. His rogue stations, XER and its successor XERA, eventually broadcast at an antenna-shattering 1,000,000 watts and were not only a haven for Brinkley's lucrative quackery, but also hosted an unprecedented number of then-unknown country musicians and other guests.

A Cameraman's Tale Karl Coates 2013-08-01 “I’ve seen an A-list celebrity making love, been spat at, bricked, attacked and had a gun pointed at my head. I’ve been up in a helium balloon and worn a parachute, been down the deepest mine in Europe, covered some riots, avoided several petrol bombs, watched a princess break down and filmed a junkie shooting up. I’ve sat in the Prime Minister’s kitchen and had a look through his wife’s cookbooks, talked to a murderer, a cocaine-fuelled professional footballer and a dodgy copper, and discussed art with a member of the cabinet and helped look for a lost wig for the secretary state for Northern Ireland. “A missile has locked on to the helicopter I’ve been flying in, I’ve watched dead bodies being taken out of a house and told the wife of an ex-president of the USA to eff off. I’ve had a knife pressed against my
throat and nearly drowned trying to swim a lake whilst under the influence. I’ve walked an elephant through the town centre, been on the lash with some popstars and passed out on the balcony of a five-star hotel. I’ve been threatened with arrest, got stuck in the mud 400ft down at the bottom of the lake in a submarine, drunk tea with Paul Gascoigne and had a documentary I worked on in Panama before nominated for a BAFTA.” These are just some of Karl Coates’ fascinating stories. A Cameraman’s Tale is a compilation of anecdotes from his life during his time spent as a TV news cameraman, both with the BBC, where he worked for four years, and Sky News, where he has worked for over 20 years. He has travelled the world, met the great and the good — including kings and queens — covered war, death and destruction and seen and experienced life like no other. Karl was at Lockerbie and he covered Princess Diana’s death. He was also in Bosnia, covering part of the war. A decade was spent covering Blair and Mandelson, and he has many stories about both — most unprintable. A Cameraman’s Tale gives a behind-the-scenes insight to the events that the general public see on the news. Karl has lived a life like no other, and his sometimes humorous and often unbelievable stories create an unmissable collection that will be enjoyed by everyone, including fans of books similar to John Snow’s Shooting History.

Why Mommy Drinks is the brilliant novel from Gill Sims, the author of
the online sensation Peter and Jane. Boy Child Peter, Girl Child Jane and Daddy have exciting adventures with Mommy. Daddy likes gadgets. Peter and Jane like starting fires, trying to kill each other and driving Mommy to drink. Written from the point of view of an exhausted mommy at the end of the day, it's honest, it's funny, and it's a little bit sweary. It is Mommy's 39th birthday. She is staring down the barrel at a future of people asking if she wants to come to their yoga class, and book clubs, where everyone is wearing statement scarves and they are all 'tiddly' after a glass of Pinot Grigio. But Mommy does not want to go quietly into that good night of women with sensible haircuts who 'live for their children', boasting about Boy Child and Girl Child's achievements. Instead, she clutches a large glass of wine, muttering FML over and over, and then remembers the gem of an idea she's had...

**The Books of Albion** Peter Doherty
2009-06-11 ' ''Poet, young and busy, seeks cheap spacious rooms somewhere. Excellent references available . . .'' so reads a self-penned ad, a very early entry from Pete Doherty's journals. From the early books a fascinating and very entertaining picture emerges of the young poet, broke in London, serving popcorn at the Prince Charles Cinema, ruminating on Britpop, listening to Scott Walker, but dreaming of creating a band infused with 'the spirit of Albion'. The later books reflect Pete's rise to fame, his changing world, and are full of artwork, photographs, notes and thoughts. It
is intimate, honest stuff, very readable and very funny in places; pretty dark in others. All in all it's the work of a serious artist, a complete antidote to most things written about Doherty. These twenty-odd books - edited and condensed into one volume - are filled with poems, drawings, personal reflections, lyrics and collages, and is a powerfully compelling collection. **Prodigal Father, Pagan Son** Anthony "LT" Menginie 2011-03-29 Winner of the USA Book News National Book Award for Best Nonfiction True Crime and Best Memoir/Autobiography By the time he was thirteen, he already had attended thirteen funerals. The chapter's new president grooms LT to one day confront his father for his treachery. Faced with an impossible decision, LT has to decide where his loyalties lie. Prodigal Father, Pagan Son is a voyeuristic
glimpse into the shocking and hypnotic underworld of notorious "one-percenter" biker clubs, hit men, drug dealers, and the other individuals who operate under no other rules than the "club code." But more than this, Menginie's story is the gritty and powerful true tale of surviving amid personal trials and tragedies, and of one man's determination to escape to a better life.

Addiction Dilemmas Jim Orford 2011-09-07 Addiction Dilemmas “Professor Orford is one of the most distinguished researchers of addictions today. In this book he aims to counter the neglect and misunderstanding faced by families affected by addiction – an estimated one hundred million worldwide – and to highlight the personal, professional and public policy dilemmas. By drawing on personal accounts from fiction, autobiography and Professor Orford and his colleagues’ own international research programme, the voices of children, wives, grandparents and friends spring to life. The penetrating and sensitive commentary, and thought-provoking questions and exercises make this book invaluable for practitioners, researchers and family members. It demonstrates the many shared experiences of family members across continents and over time, whether alcohol, drug misuse or gambling is involved.” Judith Harwin, Professor of Social Work, Brunel University, UK Addiction Dilemmas explores the impact of addiction on those closest to the individuals affected – their families. Many barriers can stand in the way of family members receiving help, not least a lack of available services and a failure on the part of professionals and their organisations to fully appreciate the nature of the dilemmas which they face. This book is based on a combination of personal interviews from scientific research,
accounts from biography and autobiography (featuring well-known names both past and present) and excerpts from well-informed works of literature. The book’s core theme is the stress faced by family members when a close relative has an addiction problem, and the struggles they experience in deciding how to cope. By tracing the same dilemmas through a range of contexts, Jim Orford offers unique insights to professionals who deal with people with addictions and their families, researchers, policy makers and ultimately family members themselves. Sources include The Tenant of Wildfell Hall by Anne Brontë, A Chancer by James Kelman, Long Day’s Journey into Night by Eugene O’Neill, and biographies of close relatives of Dylan Thomas and Samuel Taylor Coleridge.

The French Art of War Alexis Jenni 2017-04-27 It was the beginning of the Gulf War. I watched it on TV and did little else. I was doing badly, you see. Everything was going wrong. I just awaited the end. But then I met Victorien Salagnon, a veteran of the great colonial wars of Indochina, Vietnam and Algeria, a commander who had led his soldiers across the globe, a man with the blood of others up to his elbows. He said he would teach me to paint; he must have been the only painter in the French Forces, but out there no one cares about such things. I cared, though. In return, he wanted me to write his life story. And so he talked, and I wrote, and through him I witnessed the rivers of blood that cut channels through France, I saw the deaths that
were as numberless as they were senseless and I began finally to understand the French art of war. The Man who Wasn't Maigret Patrick Marnham 1993 'Penetrating, fully researched and very well written. It describes this extraordinarily productive literary genius at all stages of his life and adds to an understanding not only of Simenon's art, but the art of the novel itself.' - Muriel Spark in Scotland on Sunday

In the 1920s, the richest people per capita in the world were members of the Osage Indian nation in Oklahoma. After oil was discovered beneath their land, they rode in chauffeured automobiles,
built mansions and sent their children to study in Europe. Then, one by one, the Osage began to be killed off. As the death toll climbed, the FBI took up the case. But the bureau badly bungled the investigation. In desperation, its young director, J. Edgar Hoover, turned to a former Texas Ranger named Tom White to unravel the mystery. Together with the Osage he and his undercover team began to expose one of the most chilling conspiracies in American history. 'David Grann has a razor-keen instinct for suspense'

From Albion to Shangri-La Peter Doherty 2014-07-01 Best known as a musician, Peter "Pete" Doherty has been in the writing habit for most of his life and his first book, The Books of Albion, was published in 2007. Since then, Doherty kept an anarchic catalogue of his life, his times and the antics of his vagabond celebrity entourage. As a collection, it is part stream of consciousness and part commentary charting his state of mind during a seven year period as erstwhile frontman, songwriter and lyricist of Babyshambles - the creative vehicle for the bumpy road of his post-Libertines career.

From Albion to Shangri-La is an important book for anyone from the post-Nirvana, Generation X Factor decade who dreamt of celebrity and fame but were too frightened or sensible to pursue it. It captures the filth and the fury as well as the poetry and the pathos.

Minor Histories Mike Kelley
2004-02-06 The second volume of writings by Los Angeles artist Mike Kelley, focusing on his own work. What John C. Welchman calls the "blazing network of focused conflations" from which Mike Kelley's styles are generated is on display in all its diversity in this second volume of the artist's writings. The first volume, Foul Perfection, contained thematic essays and writings about other artists; this collection concentrates on Kelley's own work, ranging from texts in "voices" that grew out of scripts for performance pieces to expository critical and autobiographical writings. Minor Histories organizes Kelley's writings into five sections. "Statements" consists of twenty pieces produced between 1984 and 2002 (most of which were written to accompany exhibitions), including "Ajax," which draws on Homer, Colgate- Palmolive, and Longinus to present its eponymous hero; "Some Aesthetic High Points," an exercise in autobiography that counters the standard artist bio included in catalogs and press releases; and a sequence of "creative writings" that use mass cultural tropes in concert with high art mannerisms—approximating in prose the visual styles that characterize Kelley's artwork. "Video Statements and Proposals" are introductions to videos made by Kelley and other artists, including Paul McCarthy and Bob Flanagan and Sheree Rose. "Image-Texts" offers writings that accompany...
or are part of artworks and installations. This section includes "A Stopgap Measure," Kelley's zestful millennial essay in social satire, and "Meet John Doe," a collage of appropriated texts. "Architecture" features a discussion of Kelley's Educational Complex (1995) and an interview in which he reflects on the role of architecture in his work. Finally, "Ufology" considers the aesthetics and sexuality of space as manifested by UFO sightings and abduction scenarios.

**Golden Gulag** Ruth Wilson Gilmore 2007-01-08 Since 1980, the number of people in U.S. prisons has increased more than 450%. Despite a crime rate that has been falling steadily for decades, California has led the way in this explosion, with what a state analyst called "the biggest prison building project in the history of the world." Golden Gulag provides the first detailed explanation for that buildup by looking at how political and economic forces, ranging from global to local, conjoined to produce the prison boom. In an informed and impassioned account, Ruth Wilson Gilmore examines this issue through statewide, rural, and urban perspectives to explain how the expansion developed from surpluses of finance capital, labor, land, and state capacity. Detailing crises that hit California’s economy with particular ferocity, she argues that defeats of radical struggles, weakening of labor, and shifting patterns of capital investment have been key conditions for prison growth. The results—a vast and expensive prison system, a huge
number of incarcerated young people of color, and the increase in punitive justice such as the "three strikes" law—pose profound and troubling questions for the future of California, the United States, and the world. Golden Gulag provides a rich context for this complex dilemma, and at the same time challenges many cherished assumptions about who benefits and who suffers from the state’s commitment to prison expansion.

*Power, Powerlessness and Addiction*
Jim Orford 2013-07-11
Addiction exercises enormous power over all those who are touched by it. This book argues that power and powerlessness have been neglected in addiction studies and that they are a unifying theme that brings together different areas of research from the field including the disempowering nature of addiction; effects on family, community and the workplace; epidemiological and ethnographic work; studies of the legal and illegal supply; and theories of treatment and change. Examples of alcohol, drug and gambling addiction are used to discuss the evidence that addiction is most disempowering where social resources to resist it are weakest; the ways in which the dominant discourses about addictive behaviour encourage the attributing of responsibility for addiction to individuals and divert attention from the powerful who benefit from addiction; and the ways in which the voices of those whose interests are least well-served by addiction are silenced.

The Luckiest Guy Alive John Cooper Clarke 2018-11-01 'The godfather of British performance poetry' - Daily Telegraph The Luckiest Guy Alive is the first new book of poetry from Dr John Cooper Clarke for several decades – and a brilliant, scabrous,
hilarious collection from one of our most beloved and influential writers and performers. From the ‘Attack of the Fifty Foot Woman’ to a hymn to the seductive properties of the pie – by way of hand-grenade haikus, machine-gun ballads and a meditation on the loss of Bono’s leather pants – The Luckiest Guy Alive collects stunning set pieces and tried-and-tested audience favourites to show Cooper Clarke still effortlessly at the top of his game. Cooper Clarke’s status as the ‘Emperor of Punk Poetry’ is certainly confirmed here, but so is his reputation as a brilliant versifier, a poet of vicious wit and a razor-sharp social satirist. Effortlessly immediate and contemporary, full of hard-won wisdom and expert blindsidings, it’s easy to see why the good Doctor has continued to inspire several new generations of performers from Alex Turner to Plan B: The Luckiest Guy Alive shows one of the most compelling poets of the age on truly exceptional form. 'John Cooper Clarke is one of Britain’s outstanding poets. His anarchic punk poetry has thrilled people for decades . . . long may his slender frame and spiky top produce words and deeds that keep us on our toes and alive to the wonders of the world.' – Sir Paul McCartney

**Our Greatest Battle (The Meuse-Argonne)** Frederick Palmer 1919 During the war we had books which were the product of the spirit of the hour and its limitations. Among these was my "America in France," which was written, while we were still expecting the war to last through the summer of 1919, to describe the gathering and training of the American Expeditionary Forces, and their actions through the Château-Thierry and Saint-Mihiel operations. Since the war and the passing of the military censorship, we have had many hastily compiled histories, and many "inside" accounts from participants, including commanders, both Allied and enemy, whose special pleading is, to one familiar with events, no less evident in their lapses than in their tone. This book, which continues and supplements "America in France," is not in the class of the jerry-built histories or the personal narratives. It aims, as the result of special facilities for information and observation, to give a comprehensive and intelligent account of the greatest battle in which Americans ever fought, the Meuse-Argonne. In the formative period of our army, I was the officer in charge of press relations, under a senior officer. I was never chief censor of the A. E. F.: I had nothing to do with the
censorship of the soldiers' mail. After we began operations in the field, my long experience in war was utilized in making me an observer, who had the freedom of our lines and of those of our Allies in France. Where the average man in the army was limited in his observations to his own unit, I had the key to the different compartments. I saw all our divisions in action and all the processes of combat and organization. It was gratifying that my suggestions sometimes led to a broader point of view in keeping with the character of the immense new army which was being filled into the mold of the old. Friends who have read the manuscript complain that I do not give enough of my own experiences, or enough reminiscences of eminent personalities; but even in the few places where I have allowed the personal note to appear it has seemed, as it would to anyone who had been in my place, a petty intrusion upon the mighty whole of two million American soldiers, who were to me the most interesting personalities I met. The little that one pair of eyes could see may supply an atmosphere of living actuality not to be easily reproduced from bare records by future historians, who will have at their service the increasing accumulation of data. In the light of my observations during the battle, I went over the fields after the armistice, and studied the official reports, and talked with the men of our army divisions. For reasons that are now obvious, the results do not read like the communiqués and dispatches of the time, which gave...
our public their idea of an action which could not be adequately described until it was finished and the war was over. We had repulses, when heroism could not persist against annihilation by cross-fire; our men attacked again and again before positions were won; sometimes they fought harder to gain a little knoll or patch of woods than to gain a mile's depth on other occasions. Accomplishment must be judged by the character of the ground and of the resistance. As the division was our fighting unit, I have described the part that each division took in the battle. The reader who wearies of details may skip certain chapters, and find in others that he is following the battle as a whole in its conception and plan and execution, and in the human influences which were supreme; but the very piling up of the records of skill, pluck, and industry of division after division from all parts of the country, as they took their turn in the ordeal until they were expended, is accumulative evidence of what we wrought. To be continue in this ebook...

**Addiction and Performance** James Reynolds 2014-06-02 Addiction and Performance is a collection of essays offering a multidisciplinary exploration of the intertwined relationships between addiction, culture and performance. The problem of addiction is multifaceted, but existing approaches to it often emerge from the frameworks of single disciplines, foregrounding therapeutic or perhaps physiological perspectives over and above a
combined approach. However, addictions are not formed or sustained in a vacuum, but are blended with and supported by a wide range of factors. Moreover, the role of culture both in understanding addiction and offering useful strategies of recovery has often been dismissed. In this book, James Reynolds and Zoe Zontou have gathered together leading practitioners and academics in order to explore addiction and performance, and to trouble, theorise, and describe specific ways of approaching their many relationships. This volume consequently offers an alternative conversation, bringing together a variety of discourses to generate a more politicised conceptualisation of addiction, one that facilitates a more complex understanding of addiction and performance, and their many facets. Addiction and Performance is a new and significant resource for students, artists, cultural organisations, service providers, academic researchers and therapeutic professionals working in the field of addiction.

**Crossing the Rubicon** Michael C. Ruppert 2004-09-15 The acclaimed investigative reporter and author of *Confronting Collapse* examines the global forces that led to 9/11 in this provocative exposé. The attacks of September 11, 2001 were accomplished through an amazing orchestration of logistics and personnel. Crossing the Rubicon examines how such a conspiracy was possible through an interdisciplinary analysis of petroleum, geopolitics,
narco-traffic, intelligence and militarism—without which 9/11 cannot be understood. In reality, 9/11 and the resulting "War on Terror" are parts of a massive authoritarian response to an emerging economic crisis of unprecedented scale. Peak Oil—the beginning of the end for our industrial civilization—is driving the elites of American power to implement unthinkably draconian measures of repression, warfare and population control. Crossing the Rubicon is more than a story of corruption and greed. It is a map of the perilous terrain through which we are all now making our way.

Woodstock FAQ Thomas E. Harkin's Woodstock FAQ: All That's Left to Know About the Fabled Garden cuts through the lofty rhetoric and mythology surrounding the legendary festival. Rather than waxing philosophical about whether or not the Woodstock Music & Art Fair was the defining moment of the 1960s as so many have done before, Harkins places the focus on the music, solo artists, and bands who performed. Thirty-two acts took to the stage in Bethel, New York that weekend, and the book gives the performers and the music their due consideration. Who were they? Where did they come from? What songs did they play? What happened to them afterward? How did the festival impact their careers? Those are the questions explored in these pages. Further, the book attempts to restore the chronological arc of the festival from concept to concert to its aftermath and enduring legacy. Drawing on his experiences as...
a media scholar, Harkins ponders how the album releases and Michael Wadleigh's Academy Award-winning 1970 film Woodstock helped shape the narrative of the festival and in the bargain distort people's memories of the actual event.

The Libertines Bound Together Anthony Thornton 2013-05-23 In the short time they existed, The Libertines accomplished the impossible: they kick-started the new British music renaissance. They erased the barrier with fans, they inspired thousands, they gave away entire albums of material free on the internet. Yet on the whole the media failed to grasp what the band really stood for, preferring live-fast-die-young-cliches and headlines screaming for Kate Moss to abandon 'Junkie Pete' Doherty. Award-winning journalist Anthony Thornton and celebrated photographer Roger Sargent witnessed the whole messy story of The Libertines, and have remained on good terms with the two battling creative geniuses of Pete Doherty and Carl Barat. THE LIBERTINES: BOUND TOGETHER documents their extraordinary highs and lows, and the fallout from the breakup. Anthony Thornton is the only journalist to have interviewed the band at every critical stage, and witnessed every major gig. Roger Sargent was their photographer of choice; responsible for the iconic second album photograph and artwork. This is the definitive representation of the band in words and pictures - a unique, beautifully produced record of the most important British band of this generation.

The Universal Christ

Richard Rohr

2019-03-05 'I cannot put this book down'– Bono In his decades as a globally recognized teacher, Richard Rohr has helped millions realize what is at stake in matters of faith and spirituality. Yet Rohr has never written on the most perennially talked about topic in Christianity: Jesus. Most know who Jesus was, but who was Christ? Is the word simply Jesus’ last name? Too often, Rohr writes, our understanding has been limited by culture, religious squabbling, and the human tendency to put ourselves at the centre. Drawing on scripture, history and spiritual practice, Rohr articulates a transformative view of Jesus Christ as a portrait of God’s constant,
unfolding work in the world. ‘God loves things by becoming them,' he writes, and Jesus’ life was meant to declare that humanity has never been separate from God – except by its own negative choice. When we recover this fundamental truth, faith becomes less about proving Jesus was God, and more about learning to recognize the Creator’s presence all around us and in everyone we meet. Thought-provoking, practical and full of deep hope and vision, The Universal Christ is a landmark book from one of our most beloved spiritual writers, and an invitation to contemplate how God liberates and loves all that is.

Petty Warren Zanes 2016-10-25 *One of Rolling Stone's 10 Best Music Books of 2015* An exhilarating and intimate account of the life of music legend Tom Petty, by an accomplished writer and musician who toured with Petty No one other than Warren Zanes, rocker and writer and friend, could author a book about Tom Petty that is as honest and evocative of Petty's music and the remarkable rock and roll history he and his band helped to write. Born in Gainesville, Florida, with more than a little hillbilly in his blood, Tom Petty was a Southern shit kicker, a kid without a whole lot of promise. Rock and roll made it otherwise. From meeting Elvis, to seeing the Beatles on Ed Sullivan, to producing Del Shannon, backing Bob Dylan, putting together a band with George Harrison, Dylan, Roy Orbison, and Jeff Lynne, making records with Johnny Cash, and sending well more than a dozen of his own celebrated recordings high onto the charts, Tom Petty's story has all the drama of a
rock and roll epic. Now in his mid-sixties, still making records and still touring, Petty, known for his reclusive style, has shared with Warren Zanes his insights and arguments, his regrets and lasting ambitions, and the details of his life on and off the stage. This is a book for those who know and love the songs, from "American Girl" and "Refugee" to "Free Fallin'" and "Mary Jane's Last Dance," and for those who want to see the classic rock and roll era embodied in one man's remarkable story. Dark and mysterious, Petty manages to come back, again and again, showing us what the music can do and where it can take us.
